BACKGROUND

 Petuna Seafood is a large aquaculture and food processing enterprise supplying Ocean Trout and Atlantic Salmon. Located in Davenport Tasmania, the business is 50% owned by Sealord Group LTD. The combination of a family business with a global enterprise has allowed for significant multi-million dollar investments, including a major upgrade at the Devonport factory and large investments in marine farm and hatchery infrastructure at Macquarie Harbour and Cressy.

PROJECT

CoreStaff is responsible for all casual staff on site across all production areas and over 3 separate shifts.

Services provided include:

- Daily on-site presence
- Rostering/notification of all our staff
- Regular supervision and performance management of staff
- Completion of all site inductions in CoreStaff offices
- Provision of detailed labour costings
- Rostering/notification of all our staff and completion of Time Target daily
- 24/7 after hours support including handling Petuna internal staff absences

“CoreStaff and Petuna have had a positive and mutually beneficial working relationship for over 3 years now. CoreStaff provides me with a great service customised to my needs, my supervisors see them on site every day, rosters are completed accurately and the after-hours service is very good. I have no hesitation in recommending CoreStaff to any business considering labour hire.”

Troy Cornick, Operations Manager, Petuna Seafood
